Research by David Nusbaum (david.nusbaum@crain.com). | To qualify for this list, companies must be independent, privately held entities with no ultimate parent. They also need to be headquartered in the New York area, which includes New York City and Nassau, Suffolk and Westchester counties in New York and Bergen, Essex, Hudson and Union counties in New Jersey. Nonprofit organizations, hospitals, mutual companies, travel agencies and partnerships such as law firms are excluded. *Crain's New York Business* uses staff research, extensive surveys and the most current references available to produce its lists, but there is no guarantee that these listings are complete. Revenue figures shown have been rounded to one decimal place, but rankings and percentage changes are based on unrounded dollar figures. In cases of ties in 2024 revenue, companies are listed alphabetically under the same ranking number. Executives may hold additional titles.
